

MARLOW, A.P.

4th February, 1981

Thank you so much for your letter of 3rd February about the reported conversation between a Labour Member of Parliament and someone in the Cabinet Office.

I am most grateful to you for having alerted me about this.

IAN GOW

Tony Marlow, Esq. M.P.
House of Commons

3rd Feb 81.

Dear Ian,

David Gasberg is saying that a friend of his in the Cabinet Office telephoned him to say that Prime Minister Trudeau telephoned the P.M. to emphasize the dire consequences which would follow if H.W.G. did not do as he wants in re the British North America Acts.

No great surprise in that, but it is annoying that, if Gasberg is telling the truth, a member of the office should be in touch with outside people, especially one who is a regular broadcaster.

Yours ever,

Tony Kerridge.
